The D.O. of the 24th April issued from the Secy has evidently
been misunderstood by the Dy Comm^r. Para 1 thereof
expresses the likelihood of the occurrence of delay owing
to the circumstantial cause of Municipal correspondence,
but the letter does not refer to any instance of actual
delay.

Para 2 of the Dy Comm^r's d.o. letter is also
founded upon a mistake as to the legal relation between
the Dy Comm^r & the Municipality. The former has
extensive statutory control over the latter under

of the same.

If however the 'DS Comm' means that direct
correspondence between the President & the Govt so far
as it is not prohibited by the Regulation maybe
permitted by Govt, his proposal will be in order
provided Govt consider it expedient from a
purely administrative point^{of view} to adopt it

A Note on the merits of the question will

examination again in all its mutual details.

I am of opinion that he may safely

I quite agree that there is no danger in
granting permission in the present case, but I think
if the course recommended is adopted, the Government
would be taking too much responsibility on themselves
in looking into local matters and exercising direct
control over Municipalities. Besides, Government will
have to rely entirely on the views of one officer on
every matter, small or large, connected with the city
administration. It is very desirable that the head of
the District, who is the agent of Government on the

Sir,

With reference to Government Order No. 8187-S/11.25-12-10 dated 12th April 1913 directing to forward the correspondence of the Municipal Council to the address of the Government through the Deputy Commissioner, I have the honour to submit herewith a copy of the resolution of the Municipal Council which met on the 3rd May 1913 for your kind perusal. The Councillors represent that they prayed for the appointment of a whole-time President as the Deputy Commissioner had multifarious duties and was therefore not able to bestow such attention and time as the onerous duties of the Municipality demanded.

2. The Government were accordingly pleased to sanction the appointment of a whole time President and the Council feel thankful for it.

3. The above order of Government directing the submission of correspondence through Deputy Commissioner renders the Municipal administration in a way subordinate to him and also necessarily takes some time for the papers to pass through the Deputy Commissioner to and from Government.
